Mr. Craig Maurer  
S2Technologies, Inc.  
9466 Hunters Pond Drive  
Tampa, FL 33647

Dear Craig,

I wanted to sincerely thank you and the team for providing services to our clients through us over the past year. The feedback from our clients, our business development team, and our other consultants has been outstanding.

The individuals from your team, namely Steve Wingate, Tanya, Billie Kay, and Tom, have demonstrated a broad range of capabilities and expertise with the Dynamics GP product both functionally and technically.

My personal experience working with your team on over a half dozen engagements has proven to be very positive and beneficial to our efforts of rapidly expanding our GP client base in Akron, Nashville, and Atlanta.

I look forward to continuing this close relationship as we complete our current engagements and many more projects in the future.

Thanks again to you and your associates.

Sincerely,

*Don Snyder*
