Dear Craig:

I just wanted to take a moment to thank you for your team's continued excellent service over the past four years. Your consultants expertise in some of the many new modules and tools that Microsoft has released over the past couple years has been a life saver for us. In addition, the ability to have qualified consultants for some of our prospects and customer in other locals has help us capture other business that we never could have earned because of the cost of having one of our local consultants travel long distances. Keep up the good work!!

Please do not hesitate to have any other partners or customers contact us for a reference.

Sincerely

Ron Ulliot
Sales and Marketing Director
