Education:

- BS Accounting, Villanova University
- CPA, State of FL (retired)

Barbara Gavron has experience with accounting systems from both sides – as a User and as a Dynamics GP Consultant. Prior to joining S2 Technology in 2005, she managed two successful GP implementations and was a key contributor for a JD Edwards global ERP implementation.

Knowing software from the user point of view makes Ms. Gavron a valuable resource to clients. They can count on her experience as an Auditor and a Controller to guide them to solutions that meet their needs while aligning with Generally Accepted Accounting Principles.
